Re: Application for Zoning Permit for Charitable Events
17 Sawmill Road, Essex, VT

Sharon,

Attached please find our application for a zoning permit for the conditional use of 17 Sawmill Road (Little Fenway), Essex, VT for the purpose of hosting three charitable wiffle ball tournaments between June and October of this year. This will be the 21st year such events have been held at the property, enabling nonprofit organizations to raise millions of dollars and impact countless lives of children, adults and families. These events have supported families battling life-altering diseases and occurrences such as Type 1 diabetes, pediatric cancer and quadriplegia.

Additionally, these events support numerous local businesses, many in Essex including hotels, restaurants and retailers. They have arguably become woven into the fabric of what towns such as Essex and all of us here in Vermont strive to promote: supporting individuals in need while reflecting well on the communities in which we live and work.

The tournaments are as follows:

Next Shift WIFFLE Ball Tournament: Friday, June 24-Sunday, June 26. This event is a remnant of the former Travis Roy Foundation tournament that was held at the property for twenty years. It consists of half the number of teams as the TRF event and will not have any of the large

video screens or other audio that were located near the road last year. This event will support The Sheppard Center and Spaulding Rehab, where all Vermont spinal cord victims are treated.

SLAMT1D's Vermont Summer Classic WIFFLE Ball Tournament: Friday, August 12-Sunday, August 14. This will be the 11th annual tournament. As a point of reference, it is considerably smaller than the TRF tournament was, and is family-oriented. This event will support SLAMT1D, Inc., a Vermont-based nonprofit organization benefitting children, families and adults living with T1D (Type 1 diabetes), a lethal, life-altering autoimmune disease for which there is currently no cure. At peak attendance hours (Saturday midday) there may be 400-500 people on site (200+/- players, volunteers, player families and spectators). There are considerably fewer attendees during morning and evening hours.

Strike 3 Foundation Tournament: Saturday, October 8. This will be the sixth version of this one-day tournament benefitting pediatric cancer patients. The smallest of the three, it is comprised of 10-12 teams, with a small comparatively small number of spectators.

Additional supporting information:

- General Liability Insurance Certificates required for all tournaments
- Professional traffic control contractors/personnel are required for each event during peak hours, with volunteers used during non-peak hours.
- Traffic Speed Control Signage is arranged along Sawmill Road to/from the property.
- Ample parking is provided in fields off the street.
- Port-o-lets are required of all events.
- On site quiet field lighting will be needed only for 8/12-8/14.
- Music and sound speakers will be directed away from the road and neighboring homes.
- Food service providers such as food trucks are required to provide proper health certificates and liability insurance certificates prior to each event.
- No audio equipment will be located near Sawmill Road as occurred at the TRF tournament last year.
- All players are required to sign participation waivers prior to playing.

These tournaments have been tremendously successful and have generated much goodwill in the community and amongst neighbors. Neighbors are supportive, some are involved and many stop by to enjoy the events. The tournaments have provided Essex with positive PR for it, its families and businesses while enabling nonprofits to raise millions of dollars for charity.

Sincerely,

Jeff Kolok, CEO, SLAMT1D, Inc jeff@slamt1d.org; 802.578.2601
