

Appeal Period Expires 11/9/11  
 Zoning District R2

**Town of Essex, Vermont**  
**Application for Zoning Permit**  
 www.essex.org

Application Date 1/1  
 Permit Number 2011-167

All construction is to be completed in accordance with the Town of Essex Zoning Regulations and any/all federal or state regulations now in effect. You are required to post this permit in a conspicuous location on the property during the appeal period and it must remain posted throughout the construction period. You are required to contact the necessary state agencies to obtain state permits @ 879-5676.

Any interested person may appeal the decision of the Zoning Administrator to the Zoning Board of Adjustment within fifteen (15) days of the permit's date of issuance. Commencing construction within this fifteen (15) day appeal period is prohibited by law.

Re: 50 Jericho Road, lot #8  
Water and Sewer Capacity

Dear Mr. Burke,

The Orchards subdivision was previously approved for sewer and water allocation for seven lots although the Project was approved by the Planning Commission for a total of eight lots. Sewer and water allocation was previously issued by the Town for 7 lots over some confusion regarding the status of an existing house within the development.

The Town of Essex has capacity in its municipal water and wastewater systems to accommodate the proposed additional lot (#8) in the previously approved Orchards Development. Per the Town's water and sewer ordinances, we estimate the added water and sewer usage for the development to be another 200 GPD.

Irrespective of whether the State or Town numbers are used in the calculations, the Town of Essex has the capacity to serve the proposed building and its proposed use. If you have any questions regarding this allocation, do not hesitate to contact the Public Works office at 878-1344.

Sincerely,

Dennis Lutz, P.E.  
Public Works Director/Town Engineer

Dave,

The wastewater allocation for lot # 8, parcel 2-050-095-305, has been approved and the allocation permit issued. A copy is included with this letter.

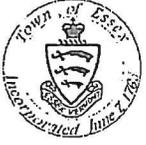

The lot was shown as being approved on the (Selectboard) adopted wastewater allocation map even though the original allocation submitted for the development only referenced seven lots. There may have been some confusion over the 7 new lots and one pre-existing lot with a dwelling on it.

Under the assumption that a letter on the lot is needed for the State, a letter is also included which you can forward to them.

If there are any questions, do not hesitate to contact me.

Sincerely,

Dennis Lutz, P.E.  
Public Works Director/Town Engineer

The permit application is for development on land area with designated allocation capacity equal to or less than 100% of the approved sewer allocation for the parcel. NO ADDITIONAL INFORMATION IS REQUIRED.

The permit application is for development on land area with designated capacity over 100% but less than or equal to 125% of the approved sewer allocation for the parcel. PROVIDE THE FOLLOWING ADDITIONAL INFORMATION.

- Documentation on the adequacy of the existing sewer system to accommodate the added flow.
- Information on how the use of the Town's infrastructure supports the goals of the Town Plan.

The permit application is for development on land area with designated capacity in excess of 125% of the approved sewer allocation for the parcel or for allocation on a parcel not granted capacity in the Study or included within a Category A development as listed in the latest Sewer Allocation Study. PROVIDE THE FOLLOWING ADDITIONAL INFORMATION.

- Documentation on the adequacy of the existing sewer system to accommodate the added flow.
- Information on how the use of the Town's infrastructure supports the goals of the Town Plan.
- Documentation on the need for connection to the sewer system with potential for additional development or future connections to the sewer system in the surrounding area, natural resources that might be negatively impacted by an on-site sewage disposal system, and the suitability of the site for on-site sewage disposal system(s).
- Information on the adequacy of the unallocated capacity that would be left to the system.
- Information on the degree to which any physical expansion of the sewer system proposed by the application represents a compact and logical physical expansion of the sewer system within the Core.

Re: Water/ Sanitary Sewer Applications  
7 Lilac Lane

Dear Mr. Hergenrother:

The Town of Essex approves your application for water and sewer service to your building lot at 7 Lilac Lane. The lot is approved for a maximum of 200 GPD for both water and sewer.

As of the date of this letter, the current water and sewer operational will be billed from the date of the actual physical connection to each municipal system.

Please be advised, all connections and service lines installed on your lot shall be inspected by a representative of the Town before backfilling. If service lines and connections are backfilled without inspection, the Town will not issue a Certificate of Occupancy until the service lines and connections are excavated and inspected by a representative of the Town.

If you have any questions, please feel free to call.

Sincerely,

Aaron K. Martin, P.E.  
Utilities Director / Assistant Town Engineer
