

Appeal Period Expires <u>4/27/10</u> Zoning District <u>R2</u>	Town of Essex, Vermont Application for Zoning Permit www.essex.org	Application Date <u>1/1</u> Permit Number <u>2010-32</u>
---	--	---

All construction is to be completed in accordance with the Town of Essex Zoning Regulations and any/all federal or state regulations now in effect. You are required to post this permit in a conspicuous location on the property and it must remain posted throughout the construction period.

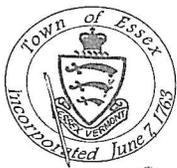

Any interested person may appeal the decision of the Zoning Administrator to the Zoning Board of Adjustment within fifteen (15) days of the permit's date of issuance. Commencing construction within this fifteen (15) day appeal period is prohibited by law.

Occupancy of the premises shall not take place until a Certificate of Occupancy is obtained.

Approval is subject to accuracy of information provided by the applicant.

Re: Water/ Sanitary Sewer Applications
9 Stone Brook Circle

Dear Mr. Marcotte:

The Town of Essex approves your application for water and sewer service to your building lot at 8 Stone Brook Circle. The lot is approved for a maximum of 200 GPD for both water and sewer.

Per the current adopted Water & Sewer Ordinance, the water operational charge is \$3.70/1000 gal. (or \$100.00 minimum) and the sewer operational charge is \$5.22/1000 gal. Both operational charges will be billed from the date of the actual physical connection to each municipal system.

Please be advised, all connections and service lines installed on your lot shall be inspected by a representative of the Town before backfilling. If service lines and connections are backfilled without inspection, the Town will not issue a Certificate of Occupancy until the service lines and connections are excavated and inspected by a representative of the Town.

If you have any questions, please feel free to call.

Sincerely,

Aaron K. Martin, P.E.
Assistant Town Engineer

For Department Use:
NOI Number: 3426-9020

Notice of Intent (NOI)

for Stormwater Discharges Associated with
Construction Activity on **Low Risk Sites**
Under Vermont Construction General Permit 3-9020

Submission of this completed Notice of Intent (NOI) constitutes notice that the entity in Section A intends to be authorized to discharge pollutants to waters of the State, from the project identified in Section B, under Vermont's Stormwater Construction General Permit (CGP). Submission of the NOI also constitutes notice that the party identified in Section A of this form has read, understands, and meets the eligibility conditions of the CGP and has determined that the project qualifies for coverage as a Low Risk project in conformance with Appendix A of the CGP; agrees to comply with all applicable terms and conditions of the CGP; understands that continued authorization under the CGP is contingent on maintaining eligibility for coverage, and that the applicable practices in the Low Risk Site Handbook for Erosion Prevention and Sediment Control must be implemented and maintained for the duration of the construction activities. In order to be granted coverage, all information required on this form must be provided.

D. Certification Relating to the Accuracy of the Information Submitted

I hereby certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. I also certify that the applicable practices in the Low Risk Site Handbook for Erosion Prevention and Sediment Control will be implemented for the duration of the project for which this NOI is submitted.

E. Public Notice Requirement

You must provide a copy of this completed NOI form to the municipal clerk for posting in the municipality in which the discharge is to be located. If the project and the related discharge(s) are located in different municipalities, then the completed NOI shall be filed with the municipal clerk in each municipality.

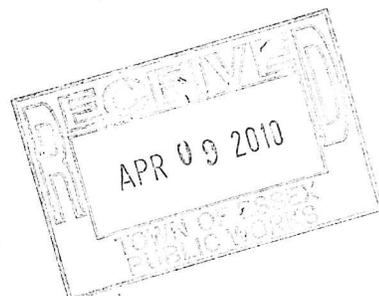

For Department Use Only:

VERMONT DEPARTMENT OF ENVIRONMENTAL CONSERVATION AUTHORIZATION TO DISCHARGE A determination has been made that the proposed construction activities qualify for coverage under General Permit 3-9020 (amended 2008) as a Low Risk project. Subject to the conditions of General Permit 3-9020 (amended 2008), the applicant is hereby authorized to discharge stormwater runoff from a construction site as described in this Notice of Intent Number 3426 -9020.

Dated at Waterbury, Vermont this 21st day of September, 20 09.

Laura Q. Pelosi, Commissioner Department of Environmental Conservation

By Padraic Monks
Padraic Monks,
Interim Chief, Stormwater Section

Notice of Authorization

Under Vermont Construction General Permit 3-9020
For Low Risk Projects

Project Name: Pinewood Manor

Notice of Intent Number: 3426-9020

Permittee Name: Pinewood Development,
LLC

Date of Authorization: 09/22/2009

The project listed above has received authorization under General Permit 3-9020 to discharge stormwater from the following construction activities: Construction of single family residence.

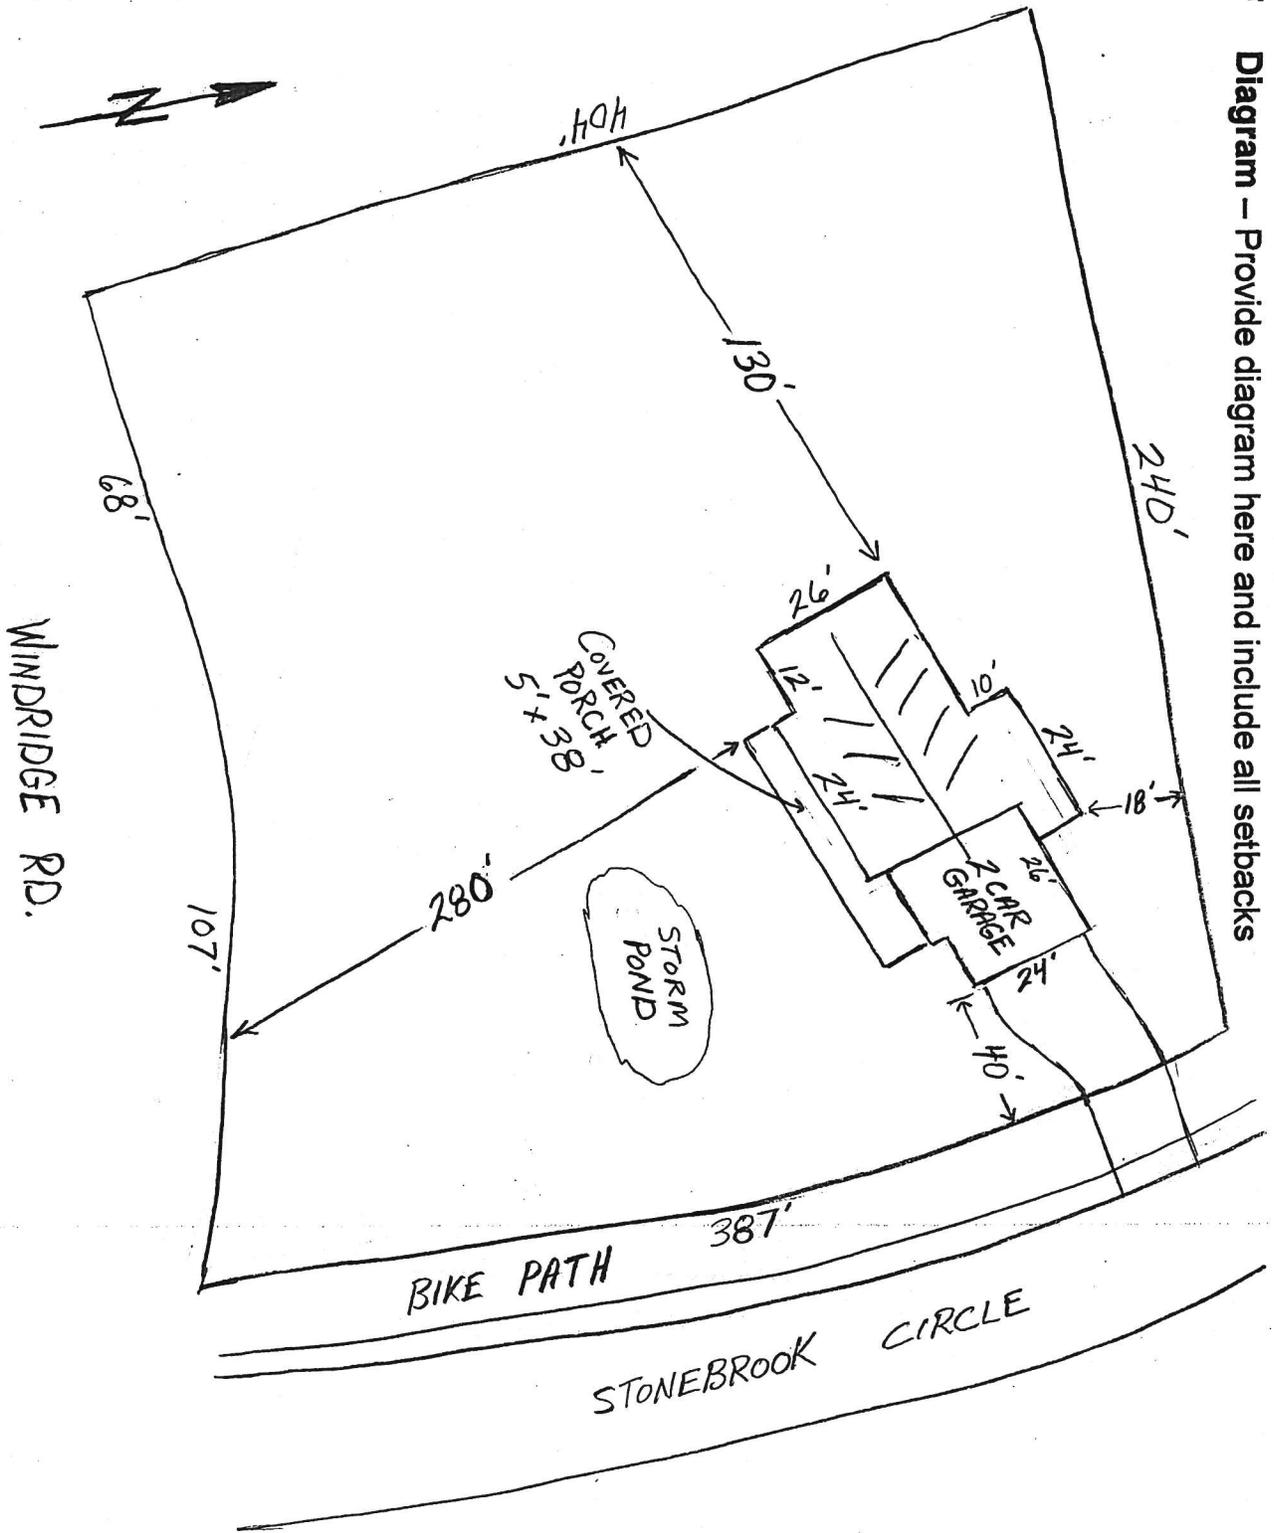

This authorization includes the following requirements:

1. Implementation of erosion prevention and sediment control practices required by the Low Risk Site Handbook for Erosion Prevention and Sediment Control.
2. All areas of disturbance must have temporary or final stabilization within 14 days of the initial disturbance. After this time, any disturbance in the area must be stabilized at the end of each work day. The following exceptions apply:
 - a. Stabilization is not required if work is to continue in the area within the next 24 hours and there is no precipitation forecast for the next 24 hours.
 - b. Stabilization is not required if the work is occurring in a self-contained excavation (i.e. no outlet) with a depth of 2 feet or greater (e.g. house foundation excavation, utility trenches).
3. No more than 2 acres of land may be disturbed at any one time.
4. All Discharges of Stormwater must pass through at least 50 ft of vegetated buffer before reaching receiving waters.
5. No disturbance shall occur within 50 ft upslope of any stream or river, or 100 ft of any lake or pond (except disturbance for the installation of Stormwater treatment facilities or road Stream crossing with no reasonable alternative location)
6. Inspections shall be conducted at least once every (7) calendar days and within twenty-four (24) hours of the end of a storm event resulting in discharge of Stormwater from construction site.
7. If there is a discharge of visibly discolored Stormwater from the construction site or from the Construction site to waters of the State, the permittee shall take immediate corrective action.
8. If, after completing corrective action, there continues to be a discharge of sediment from the construction site to waters of the State, the permittee shall notify DEC by submitting a report within 72 hours of the discharge.

To request information on this authorization, or to report compliance concerns, please contact the Water Quality Division at (802) 241-3770 or write to:

VT DEC, Water Quality Division
