

## Indian Brook Water Test Results:

The water at Indian Brook is tested every two weeks through the Vt Department of Health. The Parks & Recreation Department tests the water in three different locations. The locations are identified on the map. The Department of Health has identified the acceptable level of E-coli at 77 parts/100ml for swimming. The test results from the three locations are posted below.

<u>Tested Date</u>		<u>Tested Site Results</u>
06-01-2010	1	8 E.coli / 100 ml
06-01-2010	2	53 E.coli / 100 ml
06-01-2010	3	2 E.coli / 100 ml
06-15-2010	1	24 E.coli / 100 ml
06-15-2010	2	8 E.coli / 100 ml
06-15-2010	3	1 E.coli / 100 ml
07-02-2010	1	1 E.coli / 100 ml
07-02-2010	2	1 E.coli / 100 ml
07-02-2010	3	0 E.coli / 100 ml
07-12-2010	1	12 E.coli / 100 ml
07-12-2010	2	0 E.coli / 100 ml
07-12-2010	3	2 E.coli / 100 ml
07-26-2010	1	1 E.coli / 100 ml
07-26-2010	2	2 E.coli / 100 ml
07-26-2010	3	1 E.coli / 100 ml
08-10-2010	1	11 E.coli / 100 ml
08-10-2010	2	32 E.coli / 100 ml
08-10-2010	3	1 E.coli / 100 ml
