

Essex Energy Committee Work Plan for 2023

1. Energy & Weatherization Info at Champlain Valley Fair (in coordination with CCRPC, Efficiency VT, VT Gas, other energy committees)
2. Finalize Town Plan excerpts related to renewable energy / clean transportation / carbon capture / weatherization
3. Develop proposal for Revolving Loan Fund for municipal energy projects
4. Investigate solar development on town-owned lands to use up net-metering credit, other than the landfill
5. Participate in discussions re: new municipal building (with a focus on energy sources, efficiency, etc.)
6. Commence work on new "Town-only" energy plan
