

# Town of Essex

## Request/Permit for Town Fill

The undersigned, being the owner/owner' agent of the property located at

\_\_\_\_\_ requests that the  
(Street address)

Town provide excess fill as it may become available for deposition on the land at the street address noted in this application.

The owner/agent agrees to the following:

- 1) that the limits of the area proposed to receive the fill are clearly delineated with temporary grade stakes placed at the limit of the anticipated fill area,
- 2) that approval is given to the Town to enter the property and make a visual inspection of the area where fill is to be placed for a determination of potential environmental impact from placement of fill at the location
- 3) that the Town is held harmless for unknown materials which may be contained in the deposited fill such as but not limited to invasive plant species, road salt, calcium chloride or other materials which may be commonly found in excavated soils adjacent to roadways,
- 4) that a copy of the Town of Essex Small Site Erosion Control Guide has been received and will be followed with respect to preventing erosion on the site once fill has been placed,
- 5) that any placed fill shall be seeded and mulched before Oct 15<sup>th</sup> of any year
- 6) that any additional conditions of the approved permit will be followed and
- 7) violations of the approved permit and associated conditions will result in the stoppage of fill being brought to the site.
